Bringing evidence & people together to tackle drug resistance for a healthier world

Who We Are
The Fleming Fund is the world's single largest Official Development Assistance (ODA) investment in global AMR surveillance.

It is a £265 million UK aid programme supporting up to 24 low- and middle-income countries (LMICs) to generate, share and use antimicrobial resistance (AMR) data.

The Fleming Fund is a UK Department of Health and Social Care (DHSC) programme made up of a Country and Regional Grants and Fellowships Programme managed by Mott MacDonald, and a variety of Global Projects, managed directly by DHSC.

Country Context
The National Multisectoral Steering Committee developed a National Action Plan (2017-2022) to tackle AMR and held their first meeting in April 2018.

More information about Myanmar and its work on AMR can be found on the Fleming Fund website at: https://www.flemingfund.org/countries/myanmar

Our Grants

**COUNTRY GRANT**
Country Grantee: FAO
Sub-grantees: Utrecht University
Value: £1,129,837
Duration: Sep 2019 – Aug 2021
The grant’s objectives include developing and implementing an AMR surveillance protocol in poultry, building laboratory capacity, analysing antimicrobials in poultry industry and testing for antimicrobial residues in food chain.

**COUNTRY GRANT 2**
Country Grantee: Fondation Mérieux
Sub-grantees: none
Value: £2,926,429
Duration: Jan 2020 – Dec 2021
The grant’s objectives include increasing the capacity of the National Health Laboratory, increasing bacteriology capacity in several hospital-based laboratories, strengthening the laboratory network, improve national data collection and dissemination and improve antimicrobial stewardship.
REGIONAL GRANTS

Gathering Historical AMR Data
Grantee: International Vaccine Institute
Value: £2,709,350 (total across multiple countries)
Duration: Jan 2019 – Sep 2021
This grant supports the collection and analysis of historical AMR data across key Fleming Fund countries to provide early information for policy making.

External Quality Assurance- Asia
Grantee: Technical University of Denmark
Value: £4,247,345
Duration: Jan 2020 – Feb 2022
This grant supports the development of external quality assurance practices in laboratories around Asia which ensures confidence in laboratory testing results.

Policy, Practice & Advocacy
Grantee: International Vaccine Institute
Value: £2,715,217 (total across multiple countries)
Duration: Sep 2019 – Nov 2021
This grant supports data sharing for global AMR planning and advocacy to provide policy makers with evidence to make robust, data-based policy recommendations.

Common Surveillance Protocols
Grantee: Ending Pandemics
Value: £3,076,250 (total across multiple countries)
Duration: Sep 2019 – Dec 2021
This grant supports the standardisation of data collection and analysis through common protocols, ensuring data across countries is comparable.

GLOBAL PROJECTS

Global Research on AMR (GRAM): This grant supports a global exercise studying the burden of AMR, run by University of Oxford.
Value: £6,200,000 (total across multiple countries)
Duration: Jan 2016 – Jun 2021

OIE Grant: This grant invests in developing One Health guidance on antimicrobial use, supports countries to feed into the global AMU animal database and helps improve awareness and understanding of AMR and alternatives to antimicrobial agents.
Value: £5,000,000 (total across multiple countries)
Duration: Jan 2016 – Mar 2021

WHO Global Grant: This grant supports countries to develop National Action Plans, training to undertake AMR use and consumptions studies and supports the adoption of the AWaRe framework and essential medicines lists.
Value: £9,900,000 (total across multiple countries)
Duration: Jan 2016 – Sept 2020

South Centre Grant: This grant builds partnerships with civil society organisations to raise awareness of AMR.
Value: £1,000,000 (total across multiple countries)
Duration: Jan 2017 – Mar 2021
