Who We Are
The Fleming Fund is the world’s single largest Official Development Assistance (ODA) investment in global AMR surveillance.

It is a £265million UK aid programme supporting up to 24 low- and middle-income countries (LMICs) to generate, share and use antimicrobial resistance (AMR) data.

The Fleming Fund is a UK Department of Health and Social Care (DHSC) programme made up of a Country and Regional Grants and Fellowships Programme managed by Mott MacDonald, and a variety of Global Projects, managed directly by DHSC.

Country Context
The AMR National Action Plan for Nigeria 2017-2022 was developed under the leadership of the Nigerian Centre for Disease Control, representing the Nigerian Federal Ministry of Health.

More information about Nigeria and its work on AMR can be found on the Fleming Fund website at: https://www.flemingfund.org/countries/nigeria

Our Grants

COUNTRY GRANT
Country Grantee: DAI
Sub-grantees: Institute for Human Virology Nigeria, International Foundation Against Infectious Disease in Nigeria, Liverpool School of Tropical Medicine, Life Stock Management Services
Value: £9,438,377
Duration: May 2019 – Sep 2021
The grant’s objectives include strengthening One Health governance structures, strengthening AMR and AMU surveillance in the human and animal health sector.

PROFESSIONAL FELLOWSHIP
Number of Fellows: 1
Host Institution: PHE & Technical Uni. Denmark
Value: £800,000
Duration: May 2019 - Mar 2021

PROFESSIONAL FELLOWSHIP 2
Number of fellows: 2
Host Institution: Technical University of Denmark
Value: £80,000
Duration: Dec 2020 - Dec 2021

POLICY FELLOWSHIP
Number of fellows: 2
Host Institution: Public Health England & Technical Uni. Denmark
Value: £80,000
Duration: Dec 2020 - Dec 2021
REGIONAL GRANTS

Gathering Historical AMR Data
Grantee: African Society for Laboratory Medicine
Value: £2,937,907 (total across multiple countries)
Duration: Nov 2018 – Jul 2021
This grant supports the collection and analysis of historical AMR data across key Fleming Fund countries to provide early information for policy making.

External Quality Assurance- Africa
Grantee: African Society for Laboratory Medicine
Value: £4,511,176
Duration: Oct 2019 – Dec 2021
This grant supports the development of external quality assurance practices in laboratories around Asia which ensures confidence in laboratory testing results.

Policy, Practice & Advocacy
Grantee: International Vaccine Institute
Value: £2,715,217 (total across multiple countries)
Duration: Sep 2019 – Dec 2021
This grant supports data sharing for global AMR planning and advocacy to provide policy makers with evidence to make robust, data-based policy recommendations.

Common Surveillance Protocols
Grantee: Ending Pandemics
Value: £3,076,279 (total across multiple countries)
Duration: Sep 2019 – Dec 2021
This grant supports the standardisation of data collection and analysis through common protocols, ensuring data across countries is comparable.

Microbiology & Epidemiology Training
Grantee: African Society for Laboratory Medicine
Value: £3,924,547 (total across multiple countries)
Duration: Oct 2019 – Sep 2021
This grant improves data sharing for global AMR planning and advocacy to provide policy makers the evidence they need to make robust, evidence-based policy recommendations.

Whole Genome Sequencing
Grantee: Denmark Technical University
Value: £4,435,181
Duration: May 2019 – Sep 2021
This grant improves establishing a regional centre for sequencing that will allow the investigation of outbreaks, unusual resistance phenotypes, or delineation of the flow of organisms/genes.

GLOBAL PROJECTS

Global Research on AMR (GRAM): This grant supports a global exercise studying the burden of AMR, run by University of Oxford.
Value: £6,200,000 (total across multiple countries)
Duration: Jan 2016 – Jun 2021

OIE Grant: This grant invests in developing One Health guidance on antimicrobial use, supports countries to feed into the global AMU animal database and helps improve awareness and understanding of AMR and alternatives to antimicrobial agents.
Value: £5,000,000 (total across multiple countries)
Duration: Jan 2016 – Mar 2021

WHO Global Grant: This grant supports countries to develop National Action Plans, training to undertake AMR use and consumptions studies and supports the adoption of the AWARE framework and essential medicines lists.
Value: £9,900,000 (total across multiple countries)
Duration: Jan 2016 – Sept 2020

South Centre Grant: This grant builds partnerships with civil society organisations to raise awareness of AMR.
Value: £1,000,000 (total across multiple countries)
Duration: Jan 2017 – Mar 2021

WHO Substandard & Falsified Medicines: This grant supports the assessment of substandard and falsified medicines and their origins. Nigeria has conducted sample surveys of antibiotics to identify the quantity substandard and falsified antimicrobial medicines.
Value: £4,000,000 (total across multiple countries)
Duration: Jan 2018 – Mar 2022

International Reference Centre for AMR: This grant provides technical assistance, training and quality assurance support while Nigeria builds its AMR surveillance system across all sectors.
Value: £1,000,000 (total across multiple countries)
Duration: Jan 2019 – Dec 2020

FAO International Reference Centre: This grant supports training on veterinary drug residue monitoring.
Value: £1,000,000 (total across multiple countries)
Duration: Jan 2019 – Dec 2020

ODI Fellowship: This grant supports health economics professionals who can be placed in Fleming Fund to support use of AMR data and analysis. One Fellow is currently working with the Nigeria CDC.
Value: £1,500,000 (total across multiple countries)
Duration: Jan 2018 – Mar 2023
