Who We Are

The Fleming Fund is the world’s single largest Official Development Assistance (ODA) investment in global AMR surveillance. It is a £265million UK aid programme supporting up to 24 low- and middle-income countries (LMICs) to generate, share and use antimicrobial resistance (AMR) data.

The Fleming Fund is a UK Department of Health and Social Care (DHSC) programme made up of a Country and Regional Grants and Fellowships Programme managed by Mott MacDonald, and a variety of Global Projects, managed directly by DHSC.

Country Context

The Tanzanian National Action Plan (NAP) on Antimicrobial Resistance (2017 – 2022) was launched in April 2017.

More information about Tanzania and its work on AMR can be found on the Fleming Fund website at: https://www.flemingfund.org/countries/tanzania

REGIONAL GRANTS

Gathering Historical AMR Data
Grantee: African Society for Laboratory Medicine
Value: £3,159,259 (total across multiple countries)
Duration: Nov 2018 – Jul 2021
This grant supports the collection and analysis of historical AMR data across key Fleming Fund countries to provide early information for policy making.

External Quality Assurance- Africa
Grantee: African Society for Laboratory Medicine
Value: £4,511,176
Duration: Oct 2019 – Dec 2021
This grant supports the development of external quality assurance practices in laboratories around Asia which ensures confidence in laboratory testing results.

Policy, Practice & Advocacy
Grantee: International Vaccine Institute
Value: £2,715,217 (total across multiple countries)
Duration: Sep 2019 – Nov 2021
This grant supports data sharing for global AMR planning and advocacy to provide policy makers with evidence to make robust, data-based policy recommendations.

GLOBAL PROJECTS

Global Research on AMR (GRAM): This grant supports a global exercise studying the burden of AMR, run by University of Oxford.
Value: £6,200,000 (total across multiple countries)
Duration: Jan 2016 – Jun 2021

OIE Grant: This grant invests in developing One Health guidance on antimicrobial use, supports countries to feed into the global AMU animal database and helps improve awareness and understanding of AMR and alternatives to antimicrobial agents.
Value: £5,000,000 (total across multiple countries)
Duration: Jan 2016 – Mar 2020

WHO Global Grant: This grant supports countries to develop National Action Plans, training to undertake AMR use and consumptions studies and supports the adoption of the AlWaRe framework and essential medicines lists.
Value: £9,900,000 (total across multiple countries)
Duration: Jan 2016 – Sept 2020

FAO Grant: Support to implement multisectoral National Action Plans, assess AMR regulatory frameworks, build laboratory capacity related to food and agriculture and conduct advocacy and behaviour change campaigns.
Value: £8,500,000 (total across multiple countries)
Duration: Jan 2016 – Mar 2020
